MEMORANDUM FOR: D/ACIS

SUBJECT: INF Transcripts

There are five Senate transcripts related to the INF hearings.

- 3 February - The DCI testimony for SSCI. OCA has received a "rough" version which was needed for QFR's; the copy remains with OCA. The SSCI staff is uncertain when a final transcript will be forwarded. Fred Ward of the staff will let OCA know sometime during the week of 4 April.

- 17 February - DCI testimony at the Senate Foreign Relations Committee. The transcript is held at the SSCI; SFRC will not release it to Hqs. It has not been reviewed by anyone yet. OCA can arrange for D/ACIS to read the transcript at 211 Hart.

- 17 February - DDCI testimony for SSCI on Resource Management. ICS is reviewing the transcript. It should also be reviewed by D/ACIS.  office has been asked to forward it as soon as possible.

- 18 February - DDCI testimony for SSCI on Soviet Incentives/Disincentives to Cheat. The transcript has been reviewed by HQS, including D/ACIS. OCA has the corrected copy.

- 18 March - DDCI wrap-up for SSCI. The transcript has been reviewed by HQS, including D/ACIS. OCA has the corrected copy.

With regard to the 28 March letter from the NSC Advisor, OCA has determined from Steve Steiner of the NSC (395-5697) that CIA and particularly D/ACIS should proceed with a review of all available transcripts. Steiner would then like to talk with D/ACIS about any problems with the documents/record.

Depending on what ACIS will recommend, the NSC will then make a decision about requesting copies of the transcripts from the Congressional committees. Steiner had not been aware that copies could not be made of Congressional transcripts.
